II. In the space provided below, please tell us about an accomplishment (academic or non-academic) of which you are proud.

Continued

III. Please complete the following TWO essays. Read the questions carefully and plan your answers.

Your essays should be typed on individual sheets of paper and stapled to the back of this application.

Essay One: Choosing a school is an important decision because no school, no matter how good, is right for every student. In order for you to have the best educational experience, you and the school you choose must be a good match. Write an essay in which you tell the aspects of Sturgis that appeal to you.

- ❑ In the first paragraph, tell about yourself as a student. Include details about your strengths and your preferences for different subjects, your study habits, your participation in class, your involvement in school activities, examples of leadership you have shown, and difficulties you have overcome.
- ❑ In the second paragraph tell what you know about Sturgis. Include details about its program, its expectations for students, and things that make it special or different from other schools you might attend.
- ❑ In the last paragraph, tell how and why you think you and Sturgis would be a good match. Include details about what you think you would be able to gain from coming here.

Essay Two: Everyone has a favorite teacher, someone who made learning exciting and challenging, who made you feel special and encouraged you to do things you might not otherwise have been able to do. Write an essay about the most important teacher you have ever had. Make that person come alive for the readers of your essay so they will be able to appreciate this teacher's importance in your life.
